

## Aircraft Scheduling Policy

### **Aircraft Renter Policy**

1. Any renter wishing to cancel a scheduled flight with more than eight hours advance notice may do so with no penalty.
2. Any renter wishing to cancel a scheduled flight with less than eight hours notice may be charged a \$15 penalty. This penalty will be waived in the event the cancellation is weather related.
3. Our aircraft are rented "wet". In the event fuel needs to be purchased at another airport the renters account will be credited at Bellingham Aviation Services posted self-serve fuel price or at the price paid, whichever is lower. Fuel receipts must be provided. Any other arrangements must be made in advance.

### **Flight Instruction Policy**

1. Flight instruction lessons are 2 hours in length, unless otherwise arranged.
2. A lesson cancellation requires at least a 24-hour notification. If no notification is received, the student will be charged for a full ground lesson of two hours.
3. Cancellations due to weather or aircraft maintenance will be made by an instructor designated by Bellingham Aviation Services and the student will be so notified.
4. For a typical lesson the student will be charged for applicable hours of instruction time in addition to the charge for aircraft Hobbs time.

### **Over 12 Hour Rental Policy**

Weekdays: 3 hours of rental time per day minimum

\*Weekends or Holidays: 4 hours of rental time per day minimum

\* Weekend rate applies to rental times that have any scheduled time on Saturday or Sunday.

I have read and understand these policies.
